

# Custer County Building Notice

The workers in the Custer County Building recently brought to the Board of County Commissioners the idea of changing the Custer County Building Hours to:

**8am - 5pm, Monday – Thursday**

**Closed on Friday**

(Note: The Custer County Combined Court would not change their current hours of operation)

Some of the reasons for this change include:

- Better serving employee needs to better serve county residents
- Cost savings for employees and possibly the county
- Making the building more accessible later in the day for residents that work normal business hours

To best determine if this change is prudent, we are asking that anyone that uses the county services at the county building to please fill out a 1-Minute Survey (<https://bit.ly/custerservices>). Surveys are also available in each department. Thank you in advance for your input!

Possible effective date of August 1, 2022
